

Returning Precise Flight **Oxygen Gear for Overhaul Service**

A5 Flowmeter Overhaul Service:

\$69.00 each.

Includes: Cleaning, replacement of tubing, O-Rings and functional testing.

**Up to 4 A5 flowmeter overhauls are included with the 5 year ICA/DOT Comprehensive Overhaul Service.*

**A4 flowmeters can be tested. If they do not pass PFI Specifications you will need to upgrade to the A5 flowmeter.*

**A3 flowmeters are no longer serviceable and must be replaced with A5 flowmeters.*

X3 Demand Converter Overhaul Service:

\$395.00 each.

Includes: Inspection, cleaning, replacement of tubing and O-Rings, flow test and recalibration, replacement dual lumen cannula and X3 face mask.

A5 Microphone Mask Overhaul Service:

\$205.00 each

Includes: Inspection, cleaning, replacement of tubing, filters, mask bag/adaptor and functional testing.

X3 Microphone Mask Overhaul Service:

\$205.00 each

Includes: Inspection, cleaning, replacement of all tubing, filters and functional testing.

Standard face masks and cannulas cannot be overhauled and must be replaced.

Note: Cannulas and masks should be replaced every 200 hours as materials can deteriorate over time and exposure.
